LIGANO

LIGANO

IN ITS MOST PERFECT FORM

NEW DESIGN UPGRADES CLASSIC
AMERICAN KITCHENS

We are proud to introduce our new wooden design collection Ligano for the classic american kitchen, including all benefits of our innovative storage solutions.

Uniform veneer appearance

Enduring quality made in Germany and the US

High end durability of all elements and attachments

Easy and adjustable installation

LIGANO

VS COR® SUSAN LIGANO

No more blind corners. This comfortable revolving solution puts everything into reach and is easy to clean. The trays are safely secured, the assembly is quick and easy without tools required.

Available as fullround or kidney shelf version for face frame corner cabinets with width 33", 36" or 42"

KIDNEY ▼

FULLROUND ▼

VS SUB® RACK LIGANO

This base cabinet with easy to install and adjustable shelves offers flexibel and adaptable storage space in a continuous design with almost every classical american kitchen. Available with Lava or Platinum finish for face frame cabinets in 4 different widths: 9", 12", 15" or 18"

VS ENVI® BMT LIGANO

Waste bins seldom have seen something as compact and appealing as this bottom mounted system, which can be installed without tools and almost any effort.

Available with Lava or Platinum finish with 1 or 2 bins. Bins available with 35qt or 50qt volume.

▲ LAVA

▲ SILVER

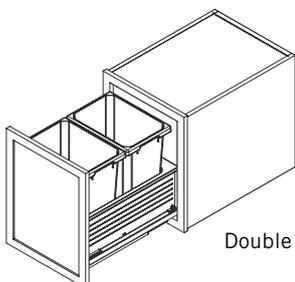

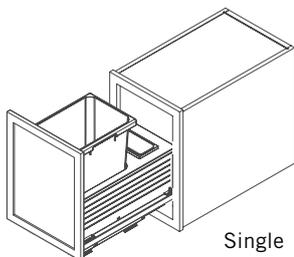

VS ENVI® BMT SAPHIR

NOW PRE-ASSEMBLED

NICE AND STABLE FROM THE GROUND UP

This basic model of a bottom-mounted waste bin system is well thought out from the ground up. The resulting convenience makes daily waste handling nothing to worry about.

With silent closing due to integrated soft-closing and a device that prevents the bins from wobbling when they are opened and closed, VS ENVI® BMT Saphir is definitely much too good to hide in a cabinet.

VS WASH

LAUNDRY TO GO

The VS WASH® is the neat solution for dirty laundry. With our laundry system, dirty laundry can finally be sorted, stored and transported not only neatly, but also completely out of sight. The concealed drop is perfectly integrated into any utility room. Technically and visually, VS WASH® is based on the proven waste separation systems of the VS ENVI® range, creating a uniform look for both recycling and laundry solutions. The new laundry

hampers in a unique variety of types are perforated to ensure optimal air circulation. The perforations are even rounded on the container interior, making a unique contribution to the gentle handling of the laundry. Thanks to the handle, the way to the washing machine is easier than ever before – even with two laundry hampers at once.

All the advantages at a glance

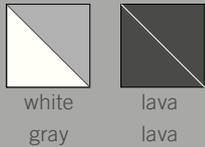

Handles make it possible to carry up to two containers at the same time

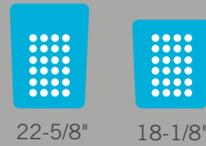

Gentle even on delicate laundry thanks to rounded walls

VS SUB® PANTRY & VS TAL® PANTRY

AN ASTONISHING AMOUNT OF STORAGE SPACE

The two pantry solutions VS SUB® Pantry (base cabinet) and VS TAL® Pantry (tall cabinet) offer all kinds of storage space. They form the foundation for a well-thought-out, clearly arranged kitchen and utility room.

The trick: the tray dimensions in both cabinets are identical, meaning that they can be equipped with the same elements. The high-quality look of the powder-coated surfaces also contributes to a tidy overall impression. Trays and baskets are available in the design collections Classic, Saphir, Premea, Scalea, Planero® and Essentio®.

With minimal space requirement, you get two fully fledged products with countless variations.

But that isn't all. In combination with the new VS Pantry Flex trays, tall and base cabinets can be personalised still further and tailored to the desired purpose. Whether food, kitchen utensils or cleaning products – everything can be seen at a glance and accessed from both sides. The construction set is rounded off with the storage solution VS ADD® Box, which ensures order within the system down to the last corner.

VS PANTRY FLEX

With the **VS Pantry® Flex** elements, VS SUB® Pantry and VS TAL® Pantry become true space savers. A number of components are available for this purpose.

The basic elements

The storage tray **VS Pantry Flex Tray** in two heights, H0 & H2, serves as a storage board with double-sided access and is designed to integrate the **VS ADD® Boxen**. The boxes are form-fitted and are completed by the back contour to form a unit. The magnetic separating element **VS ADD® Separator** can be used to add additional divisions in the depth. The material, proportions and finishes are perfectly coordinated.

The frame **VS Pantry Flex Frame** fulfils a wide variety of functions. Among other things, it serves as a lateral holder and tip protector above the trays, e.g. for baking trays, chopping boards, step ladders and more.

In addition, the frame can be transformed into a flush-mounted tray and be further customised with the insertion of 19-mm-thick standard wood composites.

Additional Flex elements

The hook rail **VS Pantry Flex Hook** – cloths, towels, cooking utensils, or even a dustpan and brush can be hung conveniently from it.

paper towels can be separated straightforwardly without having to remove the roll.

The kitchen roll holder **VS Pantry Flex Roll** – kitchen rolls are optimally integrated with this. Thanks to the intelligent design,

The broom holder **VS Pantry Flex Broom** – makes the broom simply disappear behind the cupboard door.

VS ADD® BOARD

EVERYTHING ON BOARD. ANYWHERE.

VS ADD® Board is a line of multi-purpose designer shelves for all living areas. Display everything you want to be seen. Even the shelf is an elegant eye-catcher: with the wall fitting hidden, it fits seamlessly into your interior

design. Keep things tidy on the shelf with the VS ADD® Box and VS ADD® Separator in a matching design. The power-coated steel and minimalist shapes make these three “organisers” a genuine dream team.

Raised front edge to prevent boxed and stored items from slipping

Can be combined with the VS ADD® Box and VS ADD® Separator

*stone ST, alu ST and neroST are available upon request from Germany.

The VS ADD® BOARD as an easy-access storage solution for utility rooms

The VS ADD® Board provides open storage for everything you want to keep to hand in the bathroom

VS ADD® BOX

BEAUTIFULLY TIDY, INSIDE AND OUT

The VS ADD® Box is more than just a box: It is the smallest building block in the Vauth-Sagel inner organisation system, which makes the functionality of our storage space solutions even more individual – precisely fitting, tailor-made, and not confined to the limits of the cabinet

interior. The VS ADD® Box creates space for the little things in life in every part of your home. It looks particularly good on VS ADD® Board shelving or as an inner compartment of the Planero® and Essentio® shelf variants.

VS ADD® SEPARATOR

PERFECTLY POSITIONED FOR ORGANISED INTERIORS.

The VS ADD® Separator is a magnet for order. Dividing up our designer shelves has never been easier with this smart separator. Fully adjustable, it gives you endless options for all areas of the home. Two integrated magnets

hold it securely in place and the rubber lining on the inside stops it scratching the surface. The VS ADD® Separator is perfect with the Planero® and Essentio® models: the same material and matching minimalist design.

VS CORNERSTONE® MAXX

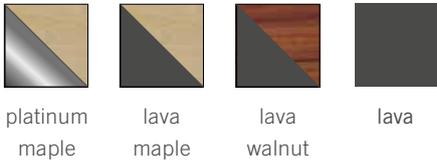

THE MAXXIMUM IN INNOVATION.

What is it that you want when you open a corner cabinet? You certainly don't want to have to crawl into it. Or to have the tray slide out towards you only to have it block the neighbouring cabinet. We could imagine that you want VS CORNERSTONE® MAXX. The innovative system delivers all of the contents to you directly in front of the

cupboard, without blocking the neighbouring cabinet. The perfect solution for having a clear view, easy access and tidy storage. The VS CORNERSTONE® MAXX with its aesthetic appeal and functional design has won multiple awards.
