

PRODUCT INFORMATION

VS ENVI TOOLBOX

A PRACTICAL BOX THAT IS BIG ON ORGANISATION AND THE LITTLE THINGS

It is easy to handle, flexible and always ready to help you keep things tidy: the VS ENVI Toolbox is made of high-quality plastic. Each individual component can be combined to meet any need.

You have a practical box that is perfectly in tune with your requirements and can be used wherever you like: in the kitchen or laundry room, for hobbies or gardening. As proof that being

organised can be so wonderful, the VS ENVI Toolbox has won multiple awards from juries of renowned experts.

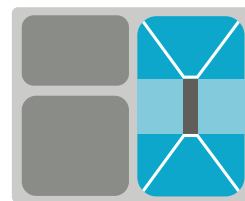

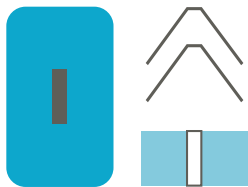

▲ The iF Design Award is one of the most renowned and highly coveted design awards in the world.

▲ The Iconic Awards Innovative Interior honours companies in the interior design industry and their partners.

A Toolbox for your every desire

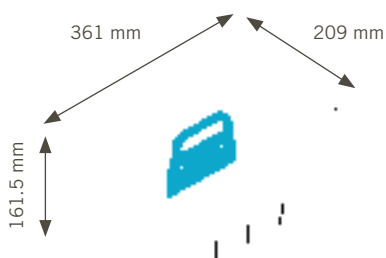

Use the Toolbox as it suits you. The trays for small items and the convenient dividers can be flexibly combined to hold cleaning items, tools or more.

Ideal for the kitchen and laundry room, for work, hobby and garden – and for transporting bottles thanks to its highly stable construction.

The Toolbox can be integrated into the VS ENVI waste bin system featuring the dimensions 230 x 382 mm. Volumes cover 13, 16, 22 and 28 litres.
